

## **Information according to Regulation (EC) No 1907/2006**

### **Transmitter type VAPORIX-Flow**

Edition: 02.2022

#### **I Scope**

This document is intended to communicate information on substances of very high concern (SVHC) in articles in accordance with Article 33 (1) of Regulation (EC) No 1907/2006 (REACH).

#### **II Substances of Very High Concern**

The transmitter type VAPORIX-Flow is a complex object in which lead (CAS number 7439-92-1) forms a component of the transmitter.

#### **III SCIP Database**

In addition to this information, an entry is also made in the SCIP database as soon as the necessary information from the upstream suppliers is available.

#### **IV Safe Use Instruction**

The lead is bound in the brass in an insoluble form. Thus, if the transmitter is handled properly, there can be no release of lead at any time. Risks exist only through swallowing and inhalation, which can be excluded with appropriate use.
